

CRYSTAL SKULL ACTIVATION CEREMONY

at the Rose Temple

with The Sounds of Sirius

Lia Scallon invites you to participate in a rare event in the presence of her crystal skulls Jomcata Mayab and She-Shona, following her trip to the ancient Mayan lands. You may bring your own skull or personal crystal to place beside Lia's skulls, so that it too may receive the ancient wisdom that we activate that evening!

In a beautiful ceremony, Lia Scallon will channel the Sounds of Sirius to help activate the energies within the skulls, within the group and within your soul so that you, too, might receive the great knowledge and codings of the skulls.

Lia has circled the globe gathering wisdom with her skulls; prior to this event, they are reconnecting with the very powerful Mayan Crystal Skull they met three years ago in the Yucatan Peninsula. Last year, Jomcata Mayab sat beside the Atlantis skull in several temple ceremonies, and on **09-09-09** they joined many of the world's most famous ancient skulls (**Synergy, Sha-Na-Ra, Rainbow, Rosie, Maya, Sam, ancient Tibetan skulls Luzi, Ezorok and Amar, and the extraordinary Orb of Atlantis**) when they all came together for the first time in history!

Lia and her skulls will share their experiences with you at The Rose Temple. While our group energy creates a powerful amplification and intensity, each participant will receive an individual blessing by Lia, channeled from Sirius. Please bring a flower to place on the altar, as a token of your gratitude to the Divine Eternal Mother of us all.

About Lia Scallon: Born in Ireland and now living in Australia, Lia Scallon has released eight exquisite CDs of her work with the **Sounds of Sirius**; the latest is a compilation album **The Sounds of Sirius: Songs to Soothe the Soul**. Lia's unique vocal harmonies have a profound healing effect on many listeners; **visit her at www.soundsofsirius.com**.
